### A new look for the CRANE Database

In the [July 2024 Newsletter](#), we shared that the CRANE Database – i.e. the area where CRANE records can be accessed behind a login – would soon be updated.

The new system went live Friday, 11 October 2024.

You can continue to access the Database through the “CRANE Data Entry System” button at the top of our [Website](#).

### CRANE Annual Check

**REMINDER:** It is time for our Annual CRANE review/update of the Cleft Teams’ contact details. We will be requesting this information soon. If there have been any updates or changes to your team, please let us know so we can keep our records up to date.

### What changes have been made?

An email was circulated to all Database stakeholders on 09 October 2024, providing detail on key changes.

Most of the changes are ‘behind the scenes’ and should not affect the way you usually add or modify records.

**Please get in touch if you need any support with using the updated system.**
